Create your own mountain retreat on this private-feeling 5.23 acre lot at the top of a lovely, small neighborhood close to shopping, downtown Asheville, the Blue Ridge Parkway, and the airport. This property is a hidden treasure easily accessible with no overly winding roads at the highest elevation in the subdivision. Beautiful hardwoods, large boulders and rock abound. Once you're in the canopy of trees with a mountain view, you'll feel you're worlds away from the hustle and bustle. Previously perked for 4 BR septic.
